EEN regional Catalonia

Visita la web de la EEN en Catalunya y conoce las actividades, actos y servicios que proporcionamos. www.een.cat

The screenshot shows the homepage of the EEN Catalonia website. At the top, there is a blue header with the text "enterprise europe network" on the left and "CATALUNYA" on the right. Below the header is a navigation menu with the following items: "SERVEIS", "FINANÇAMENT", "ESDEVENIMENTS", "CASOS D'ÈXIT", and "QUI SOM". To the right of the navigation menu are three circular icons: a red one with a white cross, a blue one with a white Twitter bird, and a blue one with a white LinkedIn logo. Below the navigation menu is a large blue banner with the text "A prop teu per fer-te créixer internacionalment" and a line graph icon with an upward arrow. Below the banner are three main content areas. The first area is titled "Dona't d'alta" and "Identifica't". The second area is titled "TROBADES B2B I MISSIONS" and lists several events: "Sobre Brokerages Events i Missions Internacionals" (11/09/2017), "Missió Institucional i Empresarial dels Quatre Motors a Escandinàvia" (19/09/2017), "Missió a Singapur: Technovation 2017" (03/10/2017), and "Brokerage Event del IOT Solutions World Congress". The third area is titled "JORNADES I SEMINARIS" and lists "Tallers d'innovació", "Tallers de cooperació empresarial", "Esmorçars d'innovació", and "Esmorçars de finançament". To the right of these areas is a section titled "Innovació i creixement internacional per a les pimes" with three icons: "Cerca de socis", "Esdeveniments", and "H2020". Below this is a section titled "QUÈ ÉS LA XARXA EEN?" with a video player and a text box stating: "Es tracta d'una xarxa formada per més de 600 organismes de suport a l'empresa, present a més de 60 països, incloent els 27 estats membres de la Unió Europea i altres països associats."

1. The organisation

- Year established:
- Company's experience in their field:
- Type:
- Number of employees:
- Additional anonymous information (optional): |

2. Call Information

Call / Topic	
-----------------	--

3. Project Information

Project description:

The project

Set the scene. Provide an introductory overview of the domain in which the R&D project is embedded and for what the results will be useful.

Explain the context - describe the project's aims and the issue to be tackled: what will be researched/developed, why and with whom.

Provide scientific/technological explanation, while keeping in mind that the profile should be understandable to a layman.

The programme

Give the full name and information about the funding programme. Provide the programme framework conditions.

The partnership:

Provide information about the expertise/know-how of the organisation(s) already included/foreseen in the consortium.

Indicate the type, size, expertise/capabilities and roles of the requested partners and where they should be based (if relevant).

Timescales

- Estimated Duration (weeks):
- EOI deadline:
- CALL deadline:
- Indicative Budget (€):
- Coordinator required (Y/N):

4. Advantages and Innovations

Indicate the potential impact the R&D project may have on the society, the market, the environment. If possible, provide qualitative and quantitative arguments (max. 2 000 characters).

- Specify the competitive advantages of suggested technology/know-how in comparison with the prevailing technologies.
- If applicable, consider elements such as performance, ease of use, specific know-how, adapting to existing technology, range of products, organisational history and tradition.
- Avoid generalities such as "best" or "unique", which are not followed by meaningful explanation.

It may be useful to add a bullet list of main advantages related to the technology, suggested for cooperation: i.e. innovative aspects, novelty, performance, ease of use, economic benefits, comparison to competitive technologies/know-how already on the market etc.

5. Partner Sought

Technical Specification or Expertise Sought

Describe the specific requirements needed by the client requesting the development of technology/know-how. Elaborate on the performance indicators, which are sought from the potential partners. The technology/know-how can be briefly described and the targeted production output.

- Which is the partners' expertise, which is suitable or **definitely unsuitable**?
- Which are the specific requirements to be taken into consideration by the potential partners (temperature, pressure, size, etc)?
- Clearly specify any technical requirements of the partners sought.

Type and role of the partner sought

Provide information about the type and the role of the partner sought. Insert detailed information and this will allow prospective partners to be fully aware of your clients' needs and expectations.

The field should address the following information:

- The type of partner sought (industry, academic, research organisation, business etc.)
- The tasks to be performed by the partner sought
- Multiple types of partners and partnerships can be considered. The tasks to be performed by the partner sought should be consistent with the type(s) of partnership discussed in the summary, the description and other profile fields.
