Catalonia Open Challenges

## Catalonia Open Challenges

Welcome to the Catalonia Open Challenges platform!

This space is the meeting point for those who pose challenges and those who generate opportunities between Catalan and international companies and organizations.

Here you will be able to publish, as well as find and present yourself to different international business challenges and opportunities:

- **Open Innovation Challenges:** challenges from different companies, administrations, and large corporations, Catalan and from all over the world, looking for innovative solutions and proposals.
- **R&D and innovation partners:** local and international collaborative projects, looking for partners with complementary technologies and knowledge.
- **Public procurement:** the best public procurement opportunities around the world, both in the field of innovative public procurement and international public procurement.
- **International trade:** opportunities and demands for products or services looking for suppliers.

[Browse the Challenge Marketplace](#) and find out which opportunities you may be interested in.

To submit your proposals, [register here](#), complete your profile, and request a meeting with the issuers of the challenges you are most interested in.

Moreover, if you want to know how to present your own challenges and receive proposals, [contact us](#) and we will explain how to find the solution you are looking for in Catalonia.

*This space is managed by ACCIÓ-Catalonia Trade & Investment, the agency for business*

# Licitacions de Compra Pública d'Innovació

Anna Monistrol

# Servei de Compra Pública d'Innovació

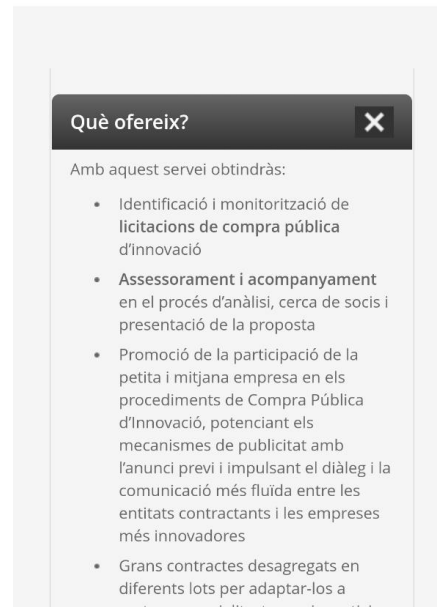

Troba el millor comprador per a la teva innovació

La Compra pública d'innovació és una actuació administrativa de foment de la innovació, orientada a potenciar el desenvolupament de solucions innovadores des de la demanda, mitjançant l'instrument de la compra pública.

Si ets una empresa innovadora que pot aportar noves solucions al mercat i vols optar a les licitacions públiques obertes, **demana més informació!** T'ajudarem a trobar les licitacions on pots tenir més oportunitats, t'assessorarem en la presentació de la proposta i et facilitarem la recerca de socis per dur-la a terme.

No ho dubtis més i **consulta la nova plataforma on podràs trobar totes les licitacions obertes** en Compra pública d'innovació!

PUBLIC PROCUREMENT

Design, develop, and demonstrate wave energy converter systems (EuropeWave)

BUYER/S CONSORTIUM:

Joint procurement by two procurers within Europe:
- Wave Energy Scotland
- Ente Vasco de la Energia

PROJECT / OBJECTIVES DESCRIPTION:

The procurement aims to trigger new solutions to be developed and tested to address the following overarching challenge: the design, development, and demonstration of cost-effective wave energy converter (WEC) systems for electrical power production that can survive in the harsh and unpredictable ocean environment.

EVENTS / NEWS:

26 April 2021 - EuropeWave open consultation: Have your say on the new wave energy tender.

**HORIZON FOR EUROPE PROJECTS**

**HORIZON-CL5-2021-D4-01-04- Looking for industrial demonstration partners interested in improving their energy efficiency and reducing their emissions**

Created on June 04, 2021 — Expires on July 31, 2021

**Sandra Perez**  
European R2 Project Manager

**Project description:**  
The Consortium has developed an innovative solar technology based on Fresnel collectors that can supply temperatures of +400°C with a power range covered +20 MW at pressures of +100 bar. The technology can be integrated into existing energy systems and use renewable energy.

**Current consortium:**  
The proposal is being coordinated by a German organization at the edge of research and innovation in the area of SHP (Solar Heat for Industrial Processes). The Consortium consists of technology universities and companies with expertise in industrial heat systems, solar energy, process design and optimization, process intensification, techno-economic analysis, life-cycle assessment.

**Capex IT companies:** very experienced in EU projects, provider of technologically advanced software solutions, is looking for industrial demonstration partners for a proposal being prepared for Horizon Europe, to apply innovative heat upgrade technologies, leveraging CSP (Concentrated Solar Power). Proposal to be submitted in HORIZON-CL5-2021-D4-01-04 / HORIZON-CL5-2022-D4-01-04 Calls. Partners can come from any sector (food, chemicals, textiles, polymers, pharmaceuticals, ceramics, cement, etc.)

**Type and role of partner sought:**  
The Consortium is seeking industrial partners from different sectors (e.g. food, chemicals, textiles, polymers, pharmaceuticals, ceramics, cement, metals, etc.) interested in:  
\*Processes with temperature in the range of 50-250°C, demonstrating the technology in an industrially relevant environment at pilot scale (but not the actual production system), that would be for a small installation (5-200 kWh only) that would be as similar as possible to a real industrial environment and available for a short period of time, OR  
\*Processes with temperature in the range of 50-160°C, demonstrate the technology at full scale in their operational facilities (5-30 MWth) for several months up to a year.

**Requirements for industrial partners:**  
1) +2,000 m<sup>2</sup> available space (ground space / good roof space)  
2) High thermal energy demand  
3) Process temperatures in the range 50-250°C  
4) High irradiation  
5) High energy costs

**Topics of Interest:** HORIZON-CL5-2021-D4-01-04 / HORIZON-CL5-2022-D4-01-04
