TEXTIL

eurecat
Centre Tecnològic de Catalunya

ACCIÓ
 **Generalitat
de Catalunya**

Objectius del projecte i beneficis de la seva consecució:

- Disseny, desenvolupament i avaluació d'un **procés innovador** pel reciclatge de material laminat generat durant el procés de producció.
- **Reciclar residus** pre-consum (total traçabilitat del material a reciclar).
- **Reduir residus generats.**
- **Reintroducció** de matèria reciclada en els processos productius.
- Contribuir en el concepte d'**economia circular.**
