The screenshot shows the homepage of the Security Research Community of Users. At the top left is the European Commission logo. The main header features the text "A COMMUNITY OF USERS FOR SECURE, SAFE AND RESILIENT SOCIETIES" and a sub-header: "In a world facing growing risks from man-made and natural disasters, the security of citizens, infrastructure, and assets is a high priority for the European Union." Below this, a section titled "CoU becomes CERIS" explains that as Horizon Europe programmes approach completion, the Community of Users is being revised to become the Community of European Research and Innovation for Security (CERIS). The objectives of CERIS are listed as follows:

- To analyse identified capability needs and gaps in the corresponding areas
- To identify solutions available to address the gaps
- To translate capability gaps and potential solutions into research needs
- To identify funding opportunities and synergies between different funding instruments
- To identify standardisation needs
- To integrate the views of citizens

The screenshot shows the "UPCOMING EVENTS" section of the website. It features a "Past Events" button in the top right corner. The events listed are:
